Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

You make MILLIONS already off those of us who subscribe to standard home phone service and make even more MILLIONS of dollars each month on us with cellular service. IT IS TIME TO STOP BEING GREEDY!

YOU Make Millions Already, You DON'T need \$1.00 more! I WILL write my congressman and let him know I DON'T support this proposal and the FCC needs to be better regulated and accountable for the MILLIONS of \$\$ they SCAM off the public each month.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Anita Roach
